### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Larry Miller, Sr. on March 2, 2004.

The application has been amended as follows:

In the Specification (as amended by Preliminary Amendment dated Jan. 23, 2002), page 1, lines 4-6, ~~—now abandoned,—~~ has been inserted after "U.S. Patent Application Serial No. 09/561,549, filed April 28, 2000,"

In claim 9, line 5, ~~—outside surface of the—~~ has been inserted before "tubular steel blank."

2. The following is an examiner's statement of reasons for allowance:

Applicant's characterization of the prior art, mainly his earlier invention U.S. Pat. 5,190,267, is germane. Furthermore, Applicant clearly distinguishes this reference from the present invention. See Specification, pages 2, 9, and 11.

The prior art generally discloses forming indentation or grips into rim for steering wheels. See e.g., U.S. Pats. 1,294,885 to Dover, 1,527,448 to Snell, and 1,753,586 to Warwick. Warwick discloses striking a tubular blank with multiple forming punches to form indentations into one side of the blank, and indexing the blank relative to the

Art Unit: 3726

punches to form new indentations. Warwick relies on a tubular channel blank and strikes the *inside* surface of the blank with the punches to form the indentations, rather than striking the "outside surface of the tubular blank" as Applicant does.

Thus, the above amendment was made to further distinguish Warwick from Applicant's invention. Warwick does not teach or disclose striking the outside surface of the tubular blank.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
